Ref: **STIP AMENDMENT 02S-048 NOTICE**

The Riverside County Transportation Commission (RCTC) has asked that this proposed STIP amendment be noticed at the January 2003 Commission meeting, and considered for approval in February. This notice is an informational item allowing the Commission to review the proposal, comment and/or ask questions prior to taking formal action in February 2003 or later.

The City of Palm Springs proposes to delay \$1,936,000 of Regional Improvement Program (RIP) funds from Fiscal Year (FY) 2003-04 to FY 2004-05 for the construction phase of the Indian Canyon Drive Widening project (PPNO 1007). This is a revenue neutral programming action.

## **RECOMMENDATION:**

The Department of Transportation (Department) recommends that the item be placed on the consent calendar for approval at the February 2003 Commission meeting.

**BACKGROUND:**

The City of Palm Springs will be requesting an allocation for the environmental (PA&ED) component at the February 2003 Commission meeting for the widening of Indian Canyon Drive. Once the PA&ED allocation is approved, the City will need 18 to 24 months to complete the environmental approval process. To accommodate this schedule, the City is requesting to delay the Construction (CON) component from FY 2003-04 to FY 2004-05.

**RESOLUTION:**

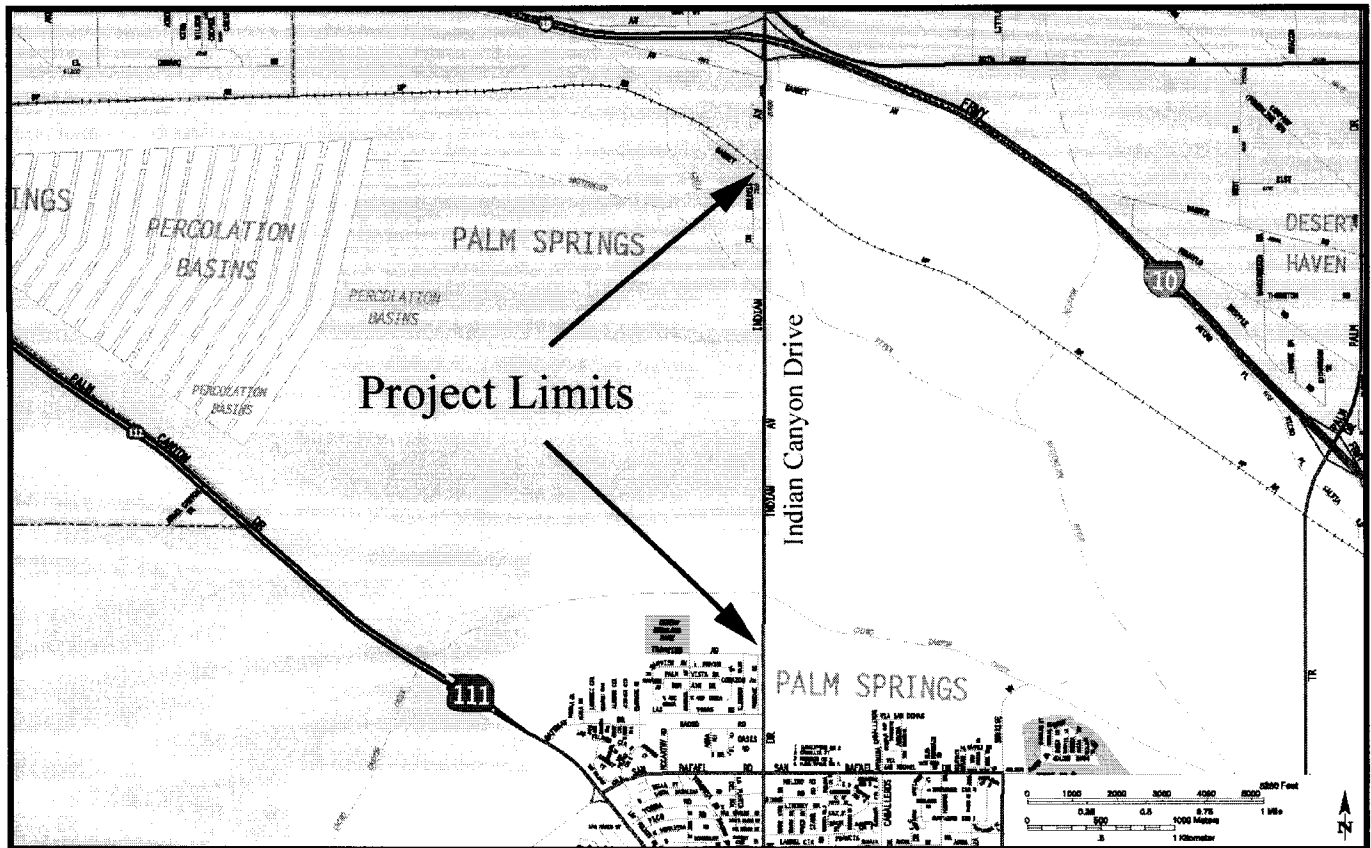

Resolved, that the California Transportation Commission (Commission) revise the 2002 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as follows:
